

ProcessBarron Joins the ReCredit Sustainable Partner Program by Reworld™

PELHAM, Ala., Dec. 16, 2024 /PRNewswire/ -- ProcessBarron today announced that it has joined the ReCredit Sustainable Partner Program by Reworld™, a leader in sustainable waste solutions. The ReCredit program will help ProcessBarron achieve their net-zero goals through the purchase of sustainable carbon offsets.

"At ProcessBarron, we believe that true innovation lies in our commitment to sustainability. By integrating cutting-edge technologies and sustainable practices into our solutions, we not only enhance operational efficiency for our clients but also contribute to a healthier planet for future generations. Our mission is to lead the way in transforming industries into responsible stewards of the environment," stated Tim Iori, CEO of ProcessBarron.

This partner program offers exclusive ReCredits to preferred Reworld™ partners, empowering them to manage their carbon footprint.

To qualify for this program, Reworld™ partners must demonstrate dedicated sustainability goals with tangible results. ProcessBarron focuses on enhancing sustainability in industrial processes --- reducing energy consumption, minimizing waste, and improving the efficiency of plant and manufacturing operations. They aim to implement innovative technologies and practices that promote environmental responsibility while ensuring economic viability for their clients.

"We are thrilled to have ProcessBarron as the newest ReCredit partner. By joining the Reworld™ ReCredit partner program, ProcessBarron is demonstrating its commitment to reimagining waste as a resource through reducing, reusing, recycling, recovering and renewing materials. This approach keeps waste out of landfills and helps our partners reach their decarbonization goals faster," said Gagan Sood, Chief Strategy & Growth Officer at Reworld™.

"Our recent collaboration with Reworld™ has been a game-changer in advancing sustainability within waste management. By implementing innovative processing solutions, we were able to significantly reduce energy consumption and enhance resource recovery rates. This initiative not only showcases our commitment to environmental stewardship but also demonstrates how strategic partnerships can drive meaningful change. Together, we're setting a new standard for efficiency and sustainability in the industry," stated Ken Buttery, CRO of ProcessBarron.
