6 Number and street (or P.O. box if mail is not delivered to street address) of contact 445 SOUTH STREET		7 City, town, or post office, state, and Zip code of contact MORRISTOWN, NJ 07960	
8 Date of action 4/5/13; 7/8/13; 10/7/13		9 Classification and description COMMON STOCK	
10 CUSIP number 22282E102	11 Serial number(s) N/A	12 Ticker symbol CVA	13 Account number(s) N/A

Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ **During 2013 Covanta Holding Corporation ("CVA") made three cash distributions (payable on April 5, July 8, and October 7) in the per share amounts of \$0.165, \$0.165, and \$0.165 totalling \$0.495 per share.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **The above cash distributions are treated as taxable dividends to the extent of the Company's current and accumulated earnings and profits as of the period ending on December 31, 2013. This is an amendment to Form 8937 that was posted to the company's website on February 7, 2014. The entire 2013 distribution of \$0.495 per share is determined to be a return of capital and not a dividend. Accordingly, the basis of each share of stock held by each shareholder shall be reduced by \$0.495.**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ **The portion of the distribution that is not classified as a dividend represents distributions that are in excess of the current and accumulated earnings and profits that have been calculated based on 2013 and prior years.**

Part II Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ Internal Revenue Code §301, §312, and §316 and supporting regulations.

18 Can any resulting loss be recognized? ▶ No loss should be recognized with respect to the portion of the distribution that represents a return of capital.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ The return of capital calculated in item 15 is a revision to the estimated return of capital reported in item 15 of the Form 8937 that was posted to the Company's website on February 7, 2014. The prior estimate of return of capital was calculated based on the most accurate available information at the time of that filing. Covanta Holding Corporation is reporting this updated Form 8937 because it has determined that the amount of the distribution treated as a return of capital with respect to each share of stock has changed. The revised return of capital has been determined based on revised earnings and profits calculated at the time of the filing of the 2013 U.S. Corporation Income Tax return. The amounts reported in this filing are based on the most accurate available information at the time of this filing. The above information does not constitute tax advice. It is recommended that shareholders consult with their own legal, financial, or tax advisors to consider the consequences of reporting amounts that may be revised at a later date.

Under penalties of perjury, I declare that I have examined this return, including accompanying schedules and statements, and to the best of my knowledge and belief, it is true, correct, and complete. Declaration of preparer (other than officer) is based on all information of which preparer has any knowledge.
